

TBF Reel Kids Casting Program Event Follow-Up Summary

Please Note: Completing this form and returning it is a mandatory obligation of this program. Failure to complete the form will result in no additional kits being shipped to your club, group or state!!!!

This information is very important and is the only mandatory requirement in our program. We must have these surveys and the participant registration forms returned to us after your events are completed in order to fulfill our obligation to our sponsors who provided the materials that we use.

The continued success and existence of the TBF Reel Kids program relies on you returning these surveys.

If you have any pictures of your events they are also needed, as are the registration forms that the competitors filled out (required).

Thank you again for taking the time to do these events every year and for all that you do for the youth of our nation!
